

Brownies

Ingredients

- 1 Box Brownie mix. This requires a 9 inch (small) Dutch oven.
- OR two boxes of brownie mix or one family sized box. This requires a 12 inch (large) Dutch oven.
- Mix ingredients as per box (i.e. eggs, oil, water).
- Large zip-lock bag
- HEAVY DUTY aluminum foil
- 24-30 hot coals

Directions

Line the bottom of the Dutch oven with heavy duty aluminum foil. Put brownie mix and other ingredients into the zip-lock bag and seal it, then squeeze and shake to mix. Cut a corner of the bottom of the bag and squeeze the batter into the Dutch oven. Add lid and bake until brownies are done.

9 inch Dutch oven: 6 coals under & 13 coals over

12 inch Dutch oven: 9 coals under & 16 coals over

Cook about 30 minutes for hot coals.

Check with toothpick and cook longer if needed.

Remove brownies by lifting foil.

Cover with foil and let cool for 5-15 minutes before serving.
